

Project to Build a New Risen Savior Catholic Church

Risen Savior Pastoral Council Statement of Support

August 2017

Dear Risen Savior Parish Members,

We, the members of your Pastoral Council, have been meeting with Father Tim and the church staff members over the last couple of years to discuss the many facets of the parish and the needs of the people. Most recently we have been in discussions regarding the aging of the facilities and what that means for the overall health, safety and comfort of our parish family.

With a great deal of prayer and discernment we have come to the conclusion that our facilities are at a point that we can no longer Band-Aid over the issues that arise and hope for the best. Father Tim and the staff have gone to great lengths to insure that this conclusion was not reached lightly and have done due diligence by bringing in industry experts as well as parish members with expertise to validate the need to bring this project to you now.

It is our hope you will join us in embracing this challenge. With continued prayer and God's grace we will come together to create a new, improved, safe and inviting, worship space for all of our members. Please join us at the upcoming meetings to learn about how you can **be** a part of this important journey.

Peace of Christ to you all,

The Risen Savior Pastoral Council
